Vaibhav Bhargav
(Engineering Student)

Date of Birth: 3rd October, 2003.

Summary: I am a dedicated and innovative engineering student with a strong foundation in full stack web development. Proficient in a variety of programming languages and frameworks including HTML, CSS, JavaScript, React, Node.js, and Python, I have hands-on experience in designing and implementing user-friendly, efficient, and scalable web applications. My coursework and personal projects have equipped me with a deep understanding of both front-end and back-end development , as well as database management using SQL and NoSQL. I am eager to apply my skills in a dynamic and challenging internship environment where I can contribute to real-world projects and further enhance my technical and problem-solving abilities.

Technical Skills: Java, HTML/CSS, JavaScript, MySQL, Node.js, Express.js, Mongodb, Full stack web development, ReactJS Ethical Hacking, Kali linux.

Certification:
- HTML, CSS, and JavaScript for Web Developers, Coursera, Dec 19, 2023.
- First step towards exploratory data analysis, Vit Bhopal university.
- Oops concept in C++, Great Learning.
- Python essentials, Vityarthi.
